

MULTIPLY Numeracy Courses

Provided / Operated by:

Aspiring Communities Together (ACT)

Multiply is a new government-funded programme to help adults improve their numeracy skills. If you're aged 19 and over and don't have maths GCSE at grade C (or equivalent), you can access free numeracy courses through Multiply to build your confidence with numbers and gain a qualification. Good numeracy skills may unlock job opportunities and lead to higher wages or prepare you for further study. They also help in everyday life, such as helping children with homework and budgeting money...
